Tampa, Florida 33610

Dear Mr. Estes,

I would like to thank Alliance Power Solutions for such a timely response regarding Hurricane IKE. Corey Henderson and Aaron Boggs towed a generator from Florida to our Memorial City building, Houston Texas. Their knowledge and skill was out standing. They quickly hooked up the generator, giving us an air-conditioned refuses and indoor meal service area.

Both Corey and Aaron did an outstanding job for us and we greatly appreciate that everyone involved went above and beyond for us. I just wanted to let you know you have two hard working and knowledgeable men working for you. What they did for us went through seamlessly and appreciated by many.

Sincerely,

A handwritten signature in cursive script that reads "John Sattelmayer".
